PROFILE

I am a tech enthusiast with a strong passion for both technology, business and management (I plan on doing my MBA). My passion lies in cloud technologies, with a focus on AWS and Azure, as well as a passion for web technologies such as JavaScript, HTML, CSS, but also backend with C# and Java. I am a lifelong learner, constantly seeking to expand my knowledge and skills.

Beyond the world of technology, my interests are equally diverse. I enjoy singing, 3D printing, gaming, programming, and the joy of learning itself. I am known for my friendly and kind-hearted nature, and I thrive both as an independent worker and as a valuable team player.

I am committed to continuously refining and enhancing my skills and knowledge to stay at the forefront of the ever-evolving tech landscape.

EXPERIENCE

2023-PRESENT  
NUWELCO  
MARKETING STAFF

Overseeing the LinkedIn page and promoting manufacturing products through email marketing.

2023  
NWU  
TUTOR CMPG212

Conducted hands-on sessions in which I helped students with their questions and participated in the grading process of practicals.
